

## DECOTO MEET ENDS FOLLOWING ROW OVER LANGUAGE

Objection by Chairman Herbert Harold of the board of trustees of Decoto Grammar School to the use of the Spanish language in the school building broke up discussion of the town's incorporation at a public meeting in the auditorium Monday evening. The meeting had been called by A. Bautista, Decoto theater operator.

Discussion had been entirely in the English language until Bautista called upon Joe Juarez, former resident of Decoto whose home had been destroyed by fire, to make a talk on the need for better fire protection in the town. Bautista explained that Juarez could not speak in English and that his talk would be translated.

Juarez, whose son has recently been discharged from the Army, started to speak when Harold rose and objected. Disorder followed, with loud insistence by a number of persons that Juarez be permitted to continue.

Harold then insisted that use of the school auditorium had been allowed with the understanding that only English would be spoken. He argued that Juarez' remarks should be written, translated, and read in English.

In the face of the numerous objections, Harold left the building. Juarez did not finish his speech, although the meeting continued for a short time.

Approximately 125 Decotans were present at the school and heard Frank Nunes, young Oakland attorney, explain the processes of incorporating a town and give figures on his estimate of the assessed valuation of the probable area which might be incorporated.

At present, he said, the area is assessed for county and district tax purposes at approximately \$500,000. This assessment, he said, is based on 20 per cent of actual valuation. The usual percentage of value for city tax purposes, he stated, is 40 per cent.

Thus arriving at a probable tax base of \$1,000,000, the attorney said that with legal maximum taxes of \$1.25 per \$100 of evaluation, \$15,000 could be raised. He estimated that another \$15,000 would come from sources such as fines, garbage collection, licenses, gas tax refund from the state, etc., making the total income around \$30,000.

Five city officials are necessary to run an incorporated town, he said, but in cities of a size comparable with Decoto their salaries are not large inasmuch as they are mostly part-time jobs.

Following Nunes' talk, there was inconclusive discussion as to whether the town could finance an adequate police department and fire department, and if there would be sufficient funds to make public improvements, need for which comprises the chief argument of incorporation proponents.

Argument of opponents to incorporation centered largely around the possibilities of city taxes being discouraging to industry and the growth of the town, some expressing the opinion that industries already in Decoto might move elsewhere if the town incorporated.

This stand was countered with the argument that most industries in the bay area are located within municipalities, and that if the town had better streets, lighting, water system, fire protection and police protection, more residents and more industry would be attracted.

Crux of the entire discussion, however, was: Can Decoto afford incorporation?

## DECOTO MAN HURT IN CAR ACCIDENT

## SOUSA ASSISTANT COMMISSIONER FOR SOUTHERN AREA

Phil Sousa, recently resigned scoutmaster of the Centerville troop, this week was appointed as the new assistant district commissioner for the southern district comprising Pleasanton, Livermore, Hayward, and the area which includes Washington Township. His appointment was made by Ben Lamkin, Scout executive, and approved by the Oakland Area Council. Sousa will take over his new duties today (March 1).

Sousa's appointment comes as welcome news to township Scouters, who feel his keen interest in Scouting will be put to good use as assistant commissioner. His job will be to promote co-ordination between the troops and the sponsoring groups. Working under his direction will be the neighborhood commissioners and the field commissioners.

Although his new position is a non-remunerative one, Sousa promises to devote as much time as possible to it.

## HUSKIES LOSE TO SANTA CLARA

By WAYNE DAVIS

The Washington High Huskies lost a double-header to Coach Bill Duran's Santa Clara High School basketball teams recently at the Santa Clara gym.

Santa Clara, by defeating the Huskies, share the varsity championship with Los Gatos and take undisputed possession of the crown in the 130-pound division.

The Santa Clara varsity led the Washington team all the way in romping to a 36-22 victory. Forwards Bill Ashley and Don Quillet of Santa Clara shared scoring honors with 12 points each. Nakamura was high scorer for the Huskies with 2 field goals and 5 free throws for a total of 9 points.

The Santa Clara 130's had little trouble in defeating the Washington 130's, chalking up a 31-16 win. Oliver from Santa Clara paced his team with 9 digits. Hernandez led the losers with 4 points.

The Santa Clara victory was their thirty-fifth straight win, and ended the season's play. The record breaking streak began in the 1944 season.

## LOCAL GIRL MAY WIN TRIP TO HOLLYWOOD APRICOT QUEEN TO BE CHOSEN BY VOTE

Girls! Get busy and start streamlining your figures, because you or you, or YOU are going to get a free trip to Hollywood, and you can never tell where or when you might meet a movie scout.

Yes, indeed, some lucky girl of Washington Township will be able to fly down to Hollywood, with a friend, and be personally conducted around the cinema capital.

Sounds too good to be true, doesn't it? But unless present plans of the Irvington Apricot Festival committee go astray, it IS true.

You see, the Apricot Festival, with the date set tentatively for June 22 and 23, will be in need of a queen so there can be a coronation ball on the night of the 22nd. The lucky queen, in addition to being the center of attention at the Festival, will also have the aforementioned trip to Hollywood to look forward to, just the thought of which would naturally set any girl's head awhirl.

And how do you get to be queen? Well, it's not too difficult. You just have to get votes. For each ticket that a girl sells to the coronation ball (which will boast not one, but TWO orchestras!) she will receive ten votes. At the end of a specified time, the votes will be counted and, presto! 'you're a queen—if you have the most votes!

It all sounds very exciting, doesn't it? And it will be exciting, this very first Apricot Festival, which may eventually, be the beginning of an annual event.

The square dancers group of Irvington, sponsoring the affair say that it is too soon to give details. They promise, however, that the festival will be a gala one, and that all the things you might expect to see at a festival will be included.

On Sunday afternoon, at the rear of the Irvington school, square dancers, old country dancers (Swiss, Danish, Portuguese), and folk dancers will stage a performance that will rival the square dancing performances put on anywhere in the bay area. Dancers from as far north as Sacramento will be invited to participate.

Further details, including the date when tickets go on sale will be announced in forthcoming issues of the Register.

## COLLECTION DRIVE NETS 14,948 POUNDS

If the poorly-clad people in other lands could see the pile of clothing that was assembled here in Washington Township for them, they would immediately experience an uplift of spirit.

A total of 14,948 pounds was collected in the recent Victory Clothing Collection drive here, according to figures released this week by Chairman Ted Glassbrook. Added to the totals of other communities throughout the country, the grand total will no doubt reach an impressive figure, to warm the hearts—not to mention the bodies—of our friends in other and less affluent countries.

Broken down in more detail, the 14,948 pounds include 16,205 garments, 1,389 pairs of shoes, and 53 pairs of blankets. It was all packed in 547 boxes. "The neatest job of packing of any boxes that have come in here," according to a statement from headquarters in Oakland, which gives the Washington Townshippers still further cause to be proud.

"The neatest job of packing of any boxes that have come in here," according to a statement from headquarters in Oakland, which gives the Washington Townshippers still further cause to be proud.

Broken down in more detail, the 14,948 pounds include 16,205 garments, 1,389 pairs of shoes, and 53 pairs of blankets. It was all packed in 547 boxes. "The neatest

## Sportsmen's News

### STRIPED BASS

A small run of striped bass is being experienced by anglers in the Mokelumne river, San Joaquin county. Some good sized bass have recently been taken from the river.

### STEELHEAD

Last week produced the finest steelhead fishing that many sportsmen have ever experienced in the San Lorenzo river with many limits being taken prior to 7 a.m. Few steelhead have been taken from the Pajaro river recently.

### BASS IMPROVING

Bass fishing is improving in the Delta region of Solano county. A few catfish are being taken and net fishermen are getting quite a few salmon from the Sacramento river.

### RUSSIAN RIVER

Steelhead fishing in the Russian river district of Sonoma county is showing slight improvement. Several limits have recently been taken at Brooks pool. Streams in the Mark West and Santa Rosa creek watersheds are very low and few fish are to be found.

### FISHING BILL KILLED

The Associated Sportsmen of California were still receiving congratulations today for their work in helping to kill Senate Bill 171 which would have opened San Pablo Bay to commercial netting. Senator DeLap's bill had been passed by the Senate over vigorous objections of sportsmen's organizations. When it came up in the Assembly Fish and Game Committee, the sportsmen had marshaled such an overwhelming force and facts that the committee killed it by an 8-4 vote.

### BUDGET BILL TURNED DOWN

The \$6,000,000 appropriation bill drawn up by Senator Swing, the Associated Sportsmen of California and the Division of Fish and Game came to an untimely end last week when Senator Swing withdrew it entirely. So many amendments had been tacked to it, he explained, that the bill was no

longer of benefit in reconstructing wildlife resources in California. It seems that recreation sports—now the biggest business enterprise in the nation—are not recognized as such by the politicians who must perform some of their strange antics by which they expect to gain the support of lobbyists and power groups to further their political ambitions.

### LICENSES BREAK RECORDS

Angling license sales went past the \$1,000,000 mark for the first time in California history, according to the Division of Fish and Game.

H. C. Dunbar, head of the Bureau of Licenses reported that all sales are not yet received and may surpass \$1,000,000.

The report also showed an increase of \$150,000 in hunting licenses sales making the 1945 figure \$751,983.

### \$124,000 TO CALIFORNIA

The Federal Government has allocated \$124,402.92 to California for aid in wildlife restoration. The state will add \$40,000 to this sum in conformance with the regulations of the Pittman-Robertson act through which money is allotted.

## HINTS FOR HOMEMAKERS

### SOMETHING NEW IN BAKED BEANS

By the  
HOMEMAKING SPECIALISTS  
of the  
General Electric Consumers Institute

How do you like your "baked" beans, Mrs. Homemaker? Well, let's try some new ways. Beans are equally delicious when made in a roaster, an oven or a well-cooker.

If a thrift (or well) cooker is used the cooking beans can be left over night. Slowly steamed for 8 to 12 hours, the beans will be temptingly moist.

If the roaster is used, the zesty appetites of a large group can be satisfied by cooking a huge amount of beans directly in the cooking well of your roaster. If you use the oven, lima beans and bacon can be simmered in two hours—and are they good!

Here are some of the new mouth-watering recipes to follow, which have been tested in the G-E Consumers Institute.

#### Baked Beans—In Thrift Cooker

Tested in the G-E Consumers Institute

Wash and drain, 1 lb. dried white beans  
Place in thrift cooker kettle.  
Add ..... 6 tbsp. molasses  
1 qt. small pea beans 1/2 cup brown sugar  
1 onion (leave whole) 1/2 lb. salt pork  
1 cup mustard 4 cups water

Mix well.

Cover and turn switch to low and cook 8 to 12 hours.

NOTE: A cottage ham (1 to 3 lb.) may be placed on rack above and cooked along with beans.

When using the thrift cooker, start the timing when the steaming begins. Clean the cooker kettle and rack frequently by removing it and simply washing in hot soapy water. Remember never to store foods in the kettle for any length of time.

#### Boston Baked Beans—In Roaster

Tested in the G-E Consumers Institute

Temp. 275° Time 6 to 8 hrs.  
1 qt. small pea beans 1/2 cup molasses  
1/2 lb. salt pork 1 tsp. mustard

Pick over beans, wash, cover with cold water and soak overnight. In the morning, drain and pour into a casserole which will fit into roaster. Add the salt, molasses, mustard and salt pork and enough boiling water to cover the beans. Place the casserole on the baking rack in the cooking well. Set control for 275° and cook six to eight hours. It may be necessary to add water during the cooking time.

NOTE: A larger quantity of beans may be cooked directly in the cooking well of the roaster. In this case, use a temperature of 250° for 8 to 10 hours.

In most cases the roaster should be heated to the proper temperature before putting in the food to be cooked. Before preheating, remove the pans and baking rack. When the roaster has reached the proper temperature, arrange the pans of food on the baking rack if it is to be used and place in the roaster. In this way, your baking rack remains cool and is easy to handle. NEVER dip any part of the roaster body in water. To clean, first remove the cover. Wash with soap and water or scour with any aluminum cleaner or mild abrasive. Lift cooking well out and scour with soap and water or any mild abrasive.

#### Scotch Limas—In The Oven

Tested in the G-E Consumers Institute

6 tbsp. melted shortening 1/2 clove garlic  
2 cups unsoaked dried 3 strips bacon  
limas 1 onion, chopped  
4 cups water 2 tsp. salt  
1/2 cup brown sugar 1/4 cup dried celery

Cover limas with cold water, soak overnight. Add shortening, sugar, onion, salt, garlic and celery. Cover and simmer 2 hours, or until tender. Place in well-greased casserole and bake at 350° for 20 minutes. Garnish with bacon strips if desired.

#### Baked Lima Beans—In The Oven

Tested in the G-E Consumers Institute

1 lb. dried limas 1 tsp. salt  
1 qt. tomatoes, cooked 4 large onions  
1 tbsp. mustard 3/4 lb. bacon

Soak limas overnight in water to cover. Cook on top of range until tender. Drain and put in shallow baking dish. Pour tomatoes over beans. Add mustard, molasses and salt. Cover with layer of sliced onions and strips of thickly sliced bacon. Bake at 325° for 2 hours.

### Freedom of Speech

Monday evening, in the Decoto grammar school, a public meeting was held on the subject of incorporation of the town. Pro and con discussion had progressed for a considerable time, when the chairman of the meeting called upon a man to speak, announcing that he could not speak English but would make his remarks in Spanish, which would then be translated into English by a resident of Decoto who knew both languages.

A trustee of the school objected to the use of the Spanish language in the school building. Heated argument ensued. Finally the trustee, in obvious anger, walked out of the meeting.

Article 1 of the amendments to the Constitution of the United States provides: "Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or the press; or the right of the people to assemble, and to petition the Government for redress of grievances."

We are aware of no qualification by law in the United States limiting the right of free speech to use of the English language. A man can express himself in any language.

As for propriety, however, we will concede that in a public meeting a man should speak in English, if he can; but if he cannot speak English he still has the right to express himself and therefore obviously must use another language.

In our opinion the significance of what happened last Monday in Decoto is not that it concerns the matter of legal right but that it

concerns the matter of race prejudice. It is shocking to the sensibilities that such a prejudicial opinion should be expressed publicly by a person who holds the office of trustee in both the Decoto Grammar School and Washington Union High School.

Washington Township is made up of people of a number of national backgrounds. Ability to speak English well does not of necessity mean that any man is a better American than one who speaks it with an accent or not at all. The fact is that the man who intended to address the Decoto meeting in the Spanish language has a son who served in the Army of the United States.

A man's speech, the color of his skin, or the spelling of his name is not an index to his patriotism.

### Freedom of the Press

During the week the editor has received considerable advice.

We have been advised to "take it easy" on the matter of reporting the public meeting in Decoto, the story of which appears on page 1.

We have been advised to make no editorial comment of the nature which we have made in the column to the left.

We have been advised to report activities in Decoto toward incorporating the town with disfavor to the movement.

We have been advised to report these activities with favor to the movement.

To all these advisers, we give our thanks for their concern as to what we say. We say this with sincerity because the advice we have received in these matters has been given sincerely.

In answer to all those whose advice we have received we wish to state the basis upon which news is reported in The Township Register and upon which our editorial opinions are expressed:

1. We have no axes of our own to grind, and we grind axes for nobody else.
2. We report the news as we see it happen or as it is told to us by sources which we consider reliable.
3. Our editorial opinion does not influence our reporting of news events, which, insofar as we are able to present them, are undistorted facts.
4. Our editorial opinions are our own opinions.

### Thinking Things Over...

By VIVIAN BATMAN

We had a little story on the front page last week announcing that we would accept butter or nylon stockings as payment on a subscription to the paper. We did it more as a gag than anything else (although we now have plenty of butter, thank you!); but apparently it started a lot of talk.

In addition to other things we were accused of trying to run a black market! And then in the mail Monday morning came this cagey little note, from an anonymous writer:

"Hello there,  
At the present time we have both butter and I have nylons, but please, 'ma fren', you may keep your subscription. Not interested; not selfish, just, not interested!!!"

Tch, tch, 'ma fren.' You saw that little item in the paper, didn't you? That is a tacit admission that you are reading the paper. Do you buy it on the newsstand? Just think how much more convenient if you subscribed. Every Friday morning you could go galloping off to the post office. 'Ah,' you would breathe ecstatically, 'this is Township Register day. I can hardly wait to open my mail box.'

On the other hand, perhaps you are NOT buying it on the newsstand. It could be—chisel!—that you are borrowing it from your neighbor. That is a practice to be deplored. Your neighbor would be grateful to you if you would take out your own subscription.

If you are not buying it at the newsstand, and not borrowing it, then you must be reading it over someone's shoulder as you sit at the lunch counter. I don't know you (or do I?), but if I should see you doing this I would be very disappointed in you. Also, think how shocked Emily Post would be if she were to come upon you breaking the etiquette rules so flagrantly.

If you are not interested in a subscription, 'ma fren,' I think now is the time to let you in on a little secret, to-wit: not only have our subscribers increased in staggering proportions, but our sales on the newsstands throughout the township have reached the point where our printer is having

to work overtime every week to print enough copies to supply the demand!

Now, how does that make you feel, 'ma fren'? Won't you change your mind? You don't want to be known as 'different' do you—an eccentric? The first thing you know, people will be nudging each other when they see you on the street. 'Psst,' they'll say, 'see her? She doesn't subscribe to the Register!'

That will be your fate, so think it over. Anyhow, what'd we ever do to YOU? Got a grudge? Forget it, and let's be friends, 'ma fren'.

In the same mail came a letter of an entirely different sort... the kind of letter that is ample reward for all the blood, sweat and tears you get when you run a newspaper. It says, in part, 'You have an outstanding paper. You have a big job ahead of you, but I'm sure you will find fulfillment in your arousing and awakening the community to the higher place it should hold. Don't ever let yourselves get discouraged no matter who says what. So long as you stand for Right, you need never worry.'

Thanks for those helpful words, Mrs. S.

Word got around among the youngsters last week-end that school principal Bristow had gone to Oklahoma. Operating on the theory that the school couldn't possibly run without its principal, the youngsters were jubilant. 'Jeepers! No school!' they shouted. 'Mr. Bristow's gone to Oklahoma!'

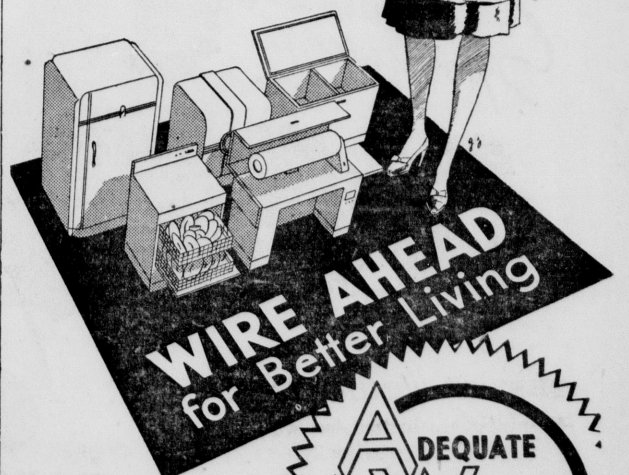

Imagine their chagrin when they learned that Oklahoma, in addition to being a state of the union, is also the name of a hit musical show playing in San Francisco.

### STATE UNIVERSITY ENROLLMENT GAINS

Enrollment on the eight campuses of the University of California has reached 19,692, according to figures released today. Indications now point to a registration in the spring term, which begins March 4, of approximately 23,500, although some estimates are not as high. However, if this figure is reached, it will be but about 5000 less than in the academic year 1939-40, when 28,851 students were registered.

At the present time there are approximately 2,500 veterans on the Berkeley, Los Angeles, Davis and Santa Barbara campuses. Next term, it is estimated, this number will increase to between 5,500 and 6,000.

### GET READY FOR THE APPLIANCES YOU WANT!

You know what you want in the way of new appliances for your home and you are going to have them! An electric washer that does all the work of getting clothes white in a jiffy... a big new refrigerator or one of the marvelous Home Freezers for storing frozen foods... an ironer and an electric dishwasher that washes and dries dishes, silverware, glasses. All these probably will be your proud possessions in the near future. Right now, if you are planning to build a new home or remodel your present one, is the time to make sure your plans include fully adequate wiring to serve these new home servants with full power for lowest operating cost. Adequate wiring consists of these essentials: Plenty of outlets, plenty of light switches and wires large enough to handle your electrical equipment for years to come.

## MISSION SAN JOSE NEWS

WITH LOIS JUSTUS

The Alameda County Association of Postmasters met on Wednesday evening at "Our House" on the San Leandro highway, to enjoy a very luscious dinner and have their regular business meeting. Postmaster Al Neisch of San Leandro was the host postmaster.

During the leisurely meal, President Mrs. Gertrude Mooney, San Lorenzo postmaster, presided over the business meeting, and Secretary Ford Samuels, postmaster at Alameda, read the minutes. After the dinner Mr. Neisch introduced the speaker, Mr. Walter of the Internal Revenue bureau, who gave a very informative and interesting talk on the forms used in the income tax work. A lively round table discussion followed and questions were answered by Mr. Walter. To finish out the evening everyone enjoyed the music and dancing to the Hammond electric organ.

Those present to enjoy this very special evening were: Mr. McKinnon of Livermore, and his clerk

and wife, Mr. and Mrs. Ritchey; Harry Dietrick and clerk of Pleasanton; Mr. and Mrs. Tony Foster of Hayward; Ford Samuels of Alameda, Steve Graham of Oakland, and his assistant, Mr. Bradley; Mrs. Gertrude Mooney of San Lorenzo, and her husband and a clerk; Manuel Lewis of Centerville; Miss Mary Janeiro of Decoto; Mrs. Julia Harris of Newark, and her husband, Elmer, assistant postmaster at San Leandro; Mrs. Lois Justus of Mission San Jose, and her guest, Frank Barros, GM 3/c; Mrs. Rose Brown of Warm Springs; Edward E. Enos of Niles, and his fiancée; Manuel Joseph of Irvington; Al Neisch of San Leandro, and his guest, Mr. Walter. The next meeting will be held at Livermore with the Honorable McKinnon as host postmaster.

### Elizabeth Lindsay Married in Glendale

A wedding in the southern part of the state last Saturday was of special interest to many local people. It was that of Miss Elizabeth Lindsay and William P. Moller Jr., who were married at The Little Church of the Flowers in Glendale.

The bride is the daughter of Mr. and Mrs. William T. Lindsay, 2784 Wynwood Lane, Los Angeles, who formerly lived in Niles and had many friends here.

Given in marriage by her father, the bride wore a white satin gown with sweetheart neckline, a train, and finger-tip veil. She carried a bouquet of gardenias and orchids.

The matron-of-honor, Mrs. Paul Collins, in an old-rose satin gown, carried an old-fashioned bouquet of white and blue sweet peas.

Jack V. Moller stood up as best man and Frank Delgado was an usher.

Rev. Ralph C. Waddell officiated at the ceremony.

Following the wedding, a reception was held at the bride's home, after which the newlyweds left on a honeymoon, the bride attired in a going-away outfit of green wool with brown accessories.

The new Mrs. Moller graduated from Washington Union High School in 1940 and attended San Jose State for two years, later to take up nurses' training at Los Angeles General Hospital.

The benedict, who graduated from Santa Barbara High School, is the son of Mr. and Mrs. William P. Moller of Santa Barbara. Following graduation from the University of California with an A.B. degree in geology, he went into the Navy where he has been since 1942. He is at present the skipper of the U.S.S. Harrier in San Diego.

### Robert Shorts Move to Berkeley

The Robert T. Short family, who have made many friends during the time they lived here, are moving into their new home in Berkeley. They will be greatly missed in the community. Their son, Robert T. Short Jr., with the Navy in China, has made his Petty Officer rating and is now Gunners Mate 3/c.

NURSE IN ATTENDANCE

### Lorraine Furtado Now Mrs. Cortez

Before a large group of friends and relatives at the Holy Ghost Church in Centerville last Sunday afternoon, Miss Lorraine Furtado, in a double ring ceremony, became the bride of Sammy Cortez. Father Thomas O'Kane officiated.

The bride was escorted down the aisle by her uncle and godfather, Thomas Furtado. She was attired in a white satin gown with shirred neck-line. The long veil was held in place with a white-beaded coronet, and she carried a prayer book with a white orchid marker.

Miss Gloria Furtado, in a frock of white net over taffeta, with net hat to match, was her sister's maid-of-honor. She carried a French bouquet with pink satin streamers. The bridesmaids, similarly attired, were Miss Barbara Furtado and Mrs. Jessie Rebeijo.

Mrs. Rose Furtado mother of the bride, wore a black suit and hat, with pink accessories, and Mrs. Joseph Cortez, the bridegroom's mother, was attired in a green suit and hat, with brown accessories. Both women wore orchid corsages.

Standing beside the groom as best man was Ray Corchero. Frank Paniagua and Metro Rebeijo acted as ushers.

Inez Silva played appropriate incidental organ music, and Betty Brandt as soloist, sang "Ave Maria."

Following the ceremony, the newlyweds received the congratulations of their many friends at a reception held at the Country Club house in Centerville, after which they left for a honeymoon. They will make their home in Niles upon their return.

The new Mrs. Cortez, the daughter of Mrs. Rose B. Furtado, graduated from Washington Union High School in 1939, and lately has been employed at the L. & V. store in Centerville. Mr. Cortez, the son of Mr. and Mrs. Joseph Cortez of Decoto, also attended Washington Union High. He was recently discharged from the service after 31 months overseas, and has been employed as an upholsterer in San Leandro.

### 'Laura Lee' and 'Bud' Are Now Engaged

Tea napkins bearing the words "Laura Lee" and "Bud" were the means of announcing the engagement of Miss Laura Lee Zwissig and Benjamin "Bud" Mozzetti at a large tea at the Zwissig home, 795 Pinedale Court, Hayward, last Saturday, which was attended by approximately 70 guests. Mrs. Frank Zwissig and Mrs. Jake Levand poured. Most of the guests were former school friends of the betrothed pair.

Miss Zwissig, the daughter of Mr. and Mrs. J. A. Zwissig, is a graduate of Washington Union High School and also of San Jose State College. Mr. Mozzetti, an Irvington dairyman, also is a graduate of Washington Union High.

No definite date has been set for the wedding, except that it is slated for some time in June.

### Mrs. Francis Howe Honored at Parties

Mrs. Francis Howe (Julianne McDonald) has been the guest of honor at two baby showers recently.

Mrs. E. H. Hirsch of Irvington, and her daughter, Mrs. Walter Connolly, also feted Mrs. Howe at a supper and shower. Those present were Mmes. M. J. Howe, Roland Bendel, Thomas Power, James Emerson, Gladys Williamson, Miss Rosemary McDonald and Mrs. J. A. McDonald.

Mrs. Howe received appropriate and attractive gifts at both affairs.

## Home for Modern Farmer

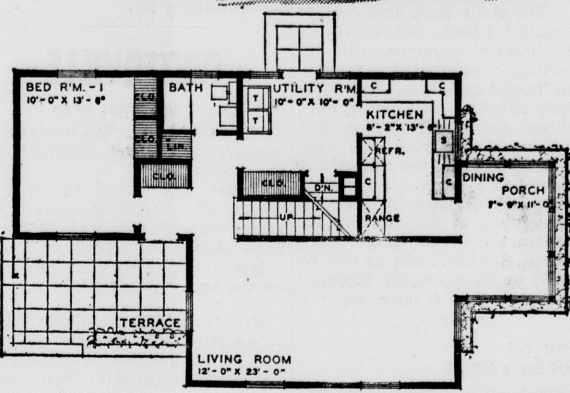

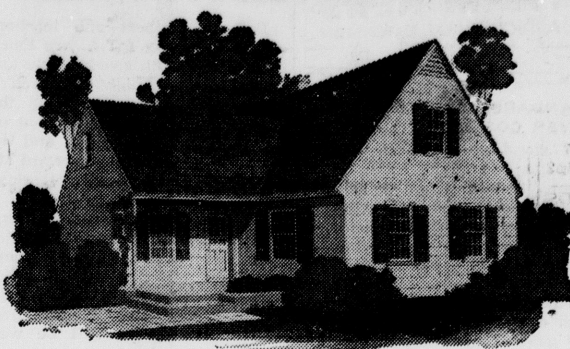

Photo Courtesy "The Business of Farming."

This modern thrift house, distinguished by its simplicity and roominess, was designed for economy of construction and ease of maintenance. It was especially designed to meet the needs of a farm family, but also is ideal for comfortable suburban living.

Building costs are held to a minimum because of the simple straight lines of the house, with no waste space. Standard size windows and doors are used throughout; the plumbing and heating is arranged for economical installation. Original roof costs and future maintenance are kept low by the use of long-lasting asphalt shingles, which are easily applied. Being fire-resistant, asphalt shingles give added protection from the threat of

chimney sparks and windblown firebrands.

An interesting feature is the overhanging roof, which adds architectural charm and gives an all-weather covering at the front door. The rear entrance, through the large utility room, helps make the house easy to keep clean. Ample closet space is provided throughout the house, and the closet in the utility room is oversized for the storage of work clothes and children's outdoor garments.

If the family budget strictly limits the amount to be spent on a new home, the dining porch or recreation room (shown in the first floor plan) can be added later. The second floor provides space for two large bedrooms.

### Reunion of Old School Friends

It was a happy reunion recently for several young people who had not seen each other since high school days. Mrs. Dan Briggs (Evelyn Pond) was visiting her brother and his wife, Mr. and Mrs. Gordon Pond, in Compton; and Mr. and Mrs. Jack Rathbone were visiting at the home of Mr. Rathbone's sister, Mrs. William Parrish (Kay Rathbone) in Inglewood; so the Gordon Ponds invited them to dinner and they all had a good time recalling their high school days together.

### Dinner Guests at Lamoreux Home

Attending a dinner at the W. F. Lamoreux home on Nursery Road last Friday evening were Mr. and Mrs. John Brahmst, Mr. and Mrs. Tom Robbins, and Mr. and Mrs. Larry Thatcher. Following the dinner, the guests were treated to a showing of the fine colored pictures which Dr. Lamoreux has taken in his travels throughout the country.

The Marcel wave was invented in 1887, and named after its inventor, a French hairdresser.

### Many Localities Attend "Oklahoma"

Probably never before has there been such a crowd of localities at one performance of a San Francisco play. Last Saturday night was Children's Hospital benefit night at "Oklahoma," and no matter which way you turned you found yourself nodding to a familiar home-town face. Members of Toyon Branch of the Hospital had sold tickets, which accounts for the large attendance from this area. Part of the net proceeds of this night's "take" went to the Children's Hospital of the Eastbay.

### British Bride Will Arrive Soon

Eagerly awaiting the arrival of his English bride is Thomas Champion of Niles. The young lady expects to leave England on March 4, arriving here some time around the 15th. The couple will make their home in Niles in the duplex adjoining the senior Champion's home. Young Champion is employed at the E. H. Stolte Company in Oakland.

The city of Arcata in Humboldt county was incorporated February 2, 1858.

FARM NEWS  
- AGRICULTURAL EXTENSION SERVICE -

**STANDARD GUIDE FOR FRYER COSTS**  
A standard to be used as a guide for calculating costs and estimated earnings on fryer production from heavy breeds has been compiled by Arthur Shultis, specialist in farm management of the Agricultural Extension Service.  
The standard is based on a one-man enterprise for brooding 12,800 chicks and selling 11,264 fryers. The guide takes into consideration total feed costs, operator's labor, interest on investment, depreciation of equipment and buildings, taxes, insurance, and other details affecting costs and profits.  
If you are planning to go into fryer production you may save financial losses by the use of this standard as a guide. We suggest you see P. T. Meyers, assistant farm advisor at the Agricultural Extension Service, post office building, Hayward, and he will be pleased to show you the standard and explain how it operates.

**CARE OF FROZEN FOODS**  
Frozen foods, when thawed and cooked, should have all the best qualities of fresh food.  
Mrs. M. W. Holman, Home Demonstration Agent, says frozen foods should have the same clear, bright color, the firm texture, appetizing odor, full flavor, and high nutritive value of the best quality of fresh foods.  
But she says this is only possible when high quality food is used for freezing. It has to be quickly and correctly prepared, packaged, and stored. The storage time must be limited to that found satisfactory for the product. Then, of course, you have to use correct methods of thawing and preparing frozen food.  
Perhaps you have wondered about placing frozen foods in the freezing compartment of the refrigerator immediately after removal from freezing storage. You may have wondered how long they may be held safely in this way.  
Well, the Home Demonstration Agent says the best practice is to keep the food frozen until ready to use, but in case of emergency it may be kept in the refrigerator at 38 to 40 degrees Fahrenheit, for two or three days, but it has to be watched because of danger of deterioration.  
Freezing does not destroy bacteria, mold, and yeast. It merely cuts down the number, and stops their growth. As soon as a food thaws, spoilage organisms start growing and spoilage may occur more rapidly than in the fresh

Nothing has leaked out concerning the cast of "characters" that will take part in the dads' performance. Everything is very hush-hush among the dads. Judging from past performances, however, the program will be well worth waiting for.

THE NEWS IN NEWARK  
BY LOUISE CHAPMAN

Ralph Sarmiento of the Navy, son of Mr. and Mrs. Victor Sarmiento and brother of Richard Sarmiento who was recently discharged, is home on a 30-day leave. Ralph was in the Pacific and expects to be discharged soon.  
All of Newark is expected to turn out Sunday for the dedication of the Newark Honor Roll which is to be held on the grounds at the Fire House. A number of prominent men of the township will speak and a program fitting to the occasion has been arranged.  
Mr. and Mrs. J. Collins and mother attended the funeral of a friend, Peter Jostes of Hayward, last Saturday. He was the brother of Mrs. Fred Dittman, formerly of Newark.  
The Newark Firemen will hold their annual dance Saturday night at the Pavilion. The music will be furnished by Bert Whiting and his orchestra. A gala time is promised by the firemen and it must be noted that their reputation for running an orderly and pleasing dance is well founded.  
Fifteen Newark Girl Scouts attended the Niles Theater last Thursday. The evening was a pleasant one for all the girls even though they sacrificed holding their meeting to attend the show.

The Newark Sportsmen held their regular meeting last Tuesday evening and after the business session, enjoyed a moving picture of the 1945 World Series. The 16 members attending greatly enjoyed the pictures. It is hoped that in the future more of the registered members will attend the meeting for the Sportsmen's Club has many good plans for the future which necessitates the help of all the members in carrying them out.  
The many friends of Mr. and Mrs. Gwerder are saying "Good-bye" to them since Mrs. Gwerder's health will not allow her to live in this area and they have sold their restaurant and bar known as "Sophie's" to Joe Milani and Clarence Martin. Both of the new

disciples. Anyone who today has the training to decide as Christ did is well fitted for one sphere of intelligent living. It is the sincere prayer of the minister that those who attend will know more of Christ and also learn to choose even as He chose.
